

FALL COLOR BY NUMBER SHEETS

This resource is perfect for a no prep option that will excite your kids about practicing and mastering their 2-digit addition and subtraction. There are 25+ fall themed worksheets in this pack. Half of the sheets are 2-digit addition and the other half are 2-digit subtraction. Math facts are displayed in both a vertical and horizontal format. These can be used as independent practice, early finishers, morning work, homework, or even math station. Answer keys are provided for self correcting if desired. This resource is available in a discounted bundle as well!
