PACING GUIDE

how does it work

Here is the pacing guide for the entire bundle. You will notice that the highlighted section of the pacing guide are the pages, skills, and standards that are included in this set.

YEAR AT A GLANCE

You can use this chart to help you match the standards to what you are covering in your classroom. The skill listed for each week is the new skill and will continue to be reviewed in the following weeks.

*TEKS supplemental spiral math sheets are found in a separate folder in the file. Any TEKS standards that you don't see listed here will be in the supplemental folder.

WEEK	COMMON CORE STANDARD	TEKS	BRIEF DESCRIPTION
1			1 st Grade Review
2			1 st Grade Review
3	2.NBT.A.1	2.2b	Value of a 3-Digit Number
4	2.NBT.A.1.A	2.2a	Groups of Ten
5	2.NBT.A.1.B	2.2b	Understanding Value of Digits
6	2.NBT.A.2	2.2c, d, e	Counting within 1,000 & Skip Counting by 5's, 10's, & 100's
7	2.NBT.A.3	2.2b	Read & Write Numbers to 1,000 Using Standard and Word Form
8	2.NBT.A.3	2.2b	Read & Write Numbers to 1,000 Using Expanded Form
9	2.NBT.A.4	2.2d	Comparing Numbers (3-Digit)
10	2.OA.C.3	2.7a	Odd & Even Numbers
11	2.MD.B.6	2.2f, 2.9c	Using a Number Line to Add & Subtract
12	2.OA.B.2	2.4a	Fluently Add Within 20
13	2.OA.B.2	2.4a	Fluently Subtract Within 20
14	2.NBT.B.5 2.NBT.B.9	2.4c	Fluently Add Within 100 (2-Digit); Explain Why Strategy Works
15	2.NBT.B.5 2.NBT.B.9	2.4c	Fluently Add Within 100 (2-Digit); Explain Why Strategy Works
16	2.NBT.B.5 2.NBT.B.9	2.4c	Fluently Subtract Within 100 (2-Digit); Explain Why Strategy Works
17	2.NBT.B.5 2.NBT.B.9	2.4c	Fluently Subtract Within 100 (2-Digit); Explain Why Strategy Works
18	2.OA.A.1	2.4c, 2.7c, d	Addition & Subtraction Within 100 Word Problems (2-Digit)

4 weeks of mixed review at the end of the year

DIFFERENTIATION

explanation of levels

Each week is provided with 3 levels of differentiation. This is indicated by a symbol on the top right corner. The number inside of the symbol represents the week.

SPIRAL MATH

explanation of resources

WHY SPIRAL?

This resource is designed to spiral through the math concepts that are taught throughout the year. Research shows that a constant and consistent spiral review and practice of skills help students retain the mastery of the skill.

QUICK & EFFECTIVE

Spiral math sheets are set up as a 5 day review that can be used in the classroom for morning work or at home as homework. Each day has 5 problems of concepts that the students have already learned. Whether at home or at school, each day of problems should take anywhere from 5-10 minutes.

ALIGNED TO THE STANDARDS

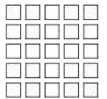

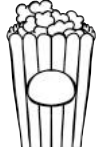

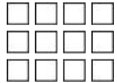

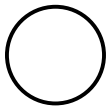

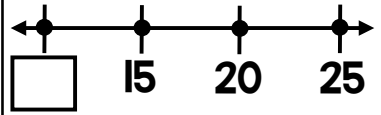

Each week a new standard is featured on the far right column of the worksheet. The skills continue to spiral so that students consistently practice and master the skills.

DIFFERENTIATED

There are 3 levels of differentiation provided for each week. The skills in each box on each level are the same but with different levels of complexity. The top right corner of every sheet has a symbol to indicate the level and week.

PRINTING FAQ'S

helpful information

Are you having printing issues? This can sometimes happen with image heavy files like this one. There is an easy fix for this issue, though. First, make sure you have the most current version of Adobe Reader. You can find it here:

<http://www.adobe.com/support/downloads/detail.jsp?ftpID=5138>

Make sure you download the file and save it to your computer before opening it.

You also may be opening with an old version of Adobe Reader or if you are on a Mac, you may be opening the file in "Preview". That is often the default setting so be sure to check that. With a Mac, try opening Adobe Reader first (rather than just double clicking on the file), then "open with" the file in Adobe Reader.

If that doesn't work, try this advice from TpT Tech Support:

- 1) Open the PDF file with Adobe Reader
- 2) Click 'print'
- 3) Click on 'advanced'
- 4) Check the 'print as image' box, and this should cover all potential issues

This has worked for me every time I run into an issue, but if you are still having trouble TPT Support will help you further. They are wonderful and quick, and will be able to guide you through solving any issues you are still having that are beyond my tech level. You can submit a ticket by scrolling to the bottom of the homepage and clicking on 'Contact Us'

I hope your class enjoys the unit and thank you again for visiting my store!
